

SOUL THROUGH THE MIRROR

TEAGAN

(they/them)

I was inspired create this piece of art because mental health is very important and your soul within you is beautiful, but sometimes you don't see yourself that way. This motivated me to participate in Magnify Voices because it is valued that you love yourself because you are so much more than what you may see.

This artwork exemplifies that you are so much more than what you see in the mirror. Your soul is very beautiful along with your body, but sometimes we don't see that. Your heart and soul and kindness really shows the kind of person you are, not the mirror in front of you.
